

CAMBRIDGE GROUP OF CLUBS

The **YACHT Solutions** Charter Program

Welcome aboard! **Yacht Solutions** will be providing CGOC members with luxury yacht charters in the Toronto area and at some of the best cruising destinations in the world. Using established and well known operators such as SailTime, Sunsail and The Moorings, members will receive preferred pricing, quality products and services to enjoy the yachting lifestyle.

Chartering is a well proven way for people to experience cruising without making the full financial and lifestyle commitment to big boat ownership. On a bareboat charter, you're captain for the day or the week, at the helm of a yacht that is yours in all but title. On a skippered charter, a qualified captain and crew will ensure you enjoy your excursion and make all the arrangements including tidying up afterwards. Probably best of all, having a late model boat that is equipped, fueled, clean and ready to go when you arrive dockside, is where the fun starts.

For the uninitiated, a luxury yacht charter can be as intimidating as travel to a foreign land. What does it cost? What can we do? What should we wear? How much should we tip? The questions can seem endless, but YACHT Solutions can answer them for you. We specialize in matching clients (and their budgets) with the right yacht in the right place and can advise you on the best seasons and destinations. Like a good event planner, we'll make sure everything runs smoothly.

YACHT CHARTERING is as simple as 1-2-3.

1. Call us at 416-907-9046 with your charter and travel ideas or use our online quoting system at www.theyachtsolution.com/quote.aspx. We can research available options based on the number in your group, schedule, budget, destination and experience.
2. Confirmation of costs, participants, departure/arrival times and locations. We can provide information and tips that are useful to know in advance about your yacht and excursion.
3. Payment can be made by credit card or bank draft, whatever is more convenient for you.
